ANNUAL REPORT

OF THE

REV. M. ZARA

And the Trustees of the Italian Episcopal Mission

For the Year ending May 1st, 1892.

To the Rt. Rev. O. W. Whitaker, D.D.:

During the last year we have completed and occupied a new Church edifice, built upon the site of the old building, which had become unfit for use.

We are glad to say that this is now all paid for, and we rejoice with our kind friends at this happy result. The contributions of the past year having been devoted mainly to clearing off this indebtedness, we are left in urgent need of funds for current expenses; but now being relieved of all anxiety in matters relating to the building, and secure from any embarrassment on this account, the Rector and Trustees can give their entire attention to the practical work of the Mission in improving the religious and social condition of the 20,000 Italians living in the vicinity of the Church, and the contributions of the coming year can be devoted solely to this purpose.

While the Italians are becoming more able and willing to contribute to the cause, we are still mainly dependent upon outside support.

Having now ample facilities for Church services, Sunday- and

Day-schools, Bible Classes, Kindergarten, Home Visitation, Saving Fund, Kitchen for furnishing suitable food to the sick, and being encouraged by the marked improvement already manifested in the Italians, we look forward to a year of great good being accomplished among those poor people, and we confidently hope that means will be furnished us for carrying on the work properly.

We entreat the Churches and Christian friends to consider the importance and *nearness* of this field of labor; whatever may be the merits of other fields, this one at our very door appeals strongly for the sympathy and support of all, who, for Christ's sake, desire that His Gospel may be preached to these strangers, their homes be made purer, and their children saved from the temptations and dangers of street life.

The following is the report of work done during the year:—

Sermons and addresses	170
Baptisms	7
Confirmed	26
Communicants	200
Burials	5
Visits to the poor and sick	225
Visits to hospitals and prisons	10
Sunday-school children	100 to 125
Teachers	6
Day-school attendance	50 to 65
Sewing-school attendance	20 to 25
Employment found to Italians	20
Tracts, books, bibles and testaments distributed	800
Night-school and Music classes	30 to 40

We cannot express too warmly our thanks for the generous aid given to the Mission during the last year, and also for the self-denying labor of the ladies who have volunteered their services in the Sunday-school and various branches of Church work.

The following is a list of the agencies that co operate with the Rector in reaching every department of Christian labor for the spiritual and temporal improvement of the Italians:

CHAPTER OF THE BROTHERHOOD OF ST. ANDREW.

Our Chapter has a membership of only ten members, who have done excellent work among our countrymen, and accomplished much in bringing other families and a number of young Italians into our Church. The rector looks upon this organization with great satisfaction as a great help to his manifold duties.

THE DAY SCHOOLS.

Two day schools are maintained by the Mission, for children who are debarred from attendance at the public schools by reason of age, language and other causes. A primary class and Kindergarten. Both schools have been well attended. This valuable auxiliary is a most necessary branch of our Missionary work; as our aim is not only to preach the Word of God, but also to enlighten and instruct those who come within our reach. The school helps in preparing the way for the spiritual ministration.

The rector wishes to impress upon the minds of the patrons of education, that this is one of the most important features of his work.

Daily attendance, 50 to 65.

CIRCOLO SAVANAROLA.

This is a literary society of about thirty-five members, who meet together every Monday and Thursday evenings, to discuss points of reading, and also of Italian literature. They also give, once a month, a recital of some fine Italian and English composition, either in prose or in verse. It is supported by its own members and pays all its expenses.

Much emulation for studies and elocution have been so far the results of this society.

CIRCOLO GALEAZZO.

This is a beneficial society and every member that pays 25 cents a month is entitled, in case of sickness, to a subsidy of five dollars a week for five weeks only in a year.

It has a membership of forty members, and a cash account of over seventy dollars, after having paid very heavily, this year, for sickness.

THE POOR AND SICK.

These are, and always have been, a source of great anxiety to the rector, whose only comfort is, that through these deeds of kindly charity he is enabled to reach the hearts of his countrymen. In all his ministerial duties he endeavors to follow the example of the Physician and Bishop of our souls. The past winter having been exceptionally severe and sickly to most of them, the rector found very much to contend with in keeping his people from actual want. The usual channels of Christian benevolence are unknown to them on account of their language and separate habits of living; our Mission, therefore, has been this year for many of them a refuge and a consolation. Through the kindness of our friends much has been done towards relieving these poor strangers. The rector has been successful in obtaining employment for twenty of them and has given assistance to all the poor and sick who have applied to the Mission for help and medical attendance. Our kind friend, Dr. Bartolow, has always been on hand and done good service in alleviating their sufferings, and for which we tender him our most warm thanks. We have visited during the year (beside our many other duties), 225 poor and sick people, visited the hospitals and prisons ten times, and exerted ourselves to do everything in our power to win our brethren to the Lord. A large amount of clothing donated by different societies and churches has been also distributed.

THE LADIES' ITALIAN LEAGUE.

The Ladies' Italian League was organized in the fall of 1890, by the Missionary in charge. The main object of the League is to

help the rector in his field of labor and to co-operate with him in ministering to his people. There are now nearly 170 members who, with their aid and efforts have rendered to the mission invaluable services.

ELEVENTH ANNUAL REPORT
OF THE

ANNUAL REPORT

OF THE

REV. M. ZARA

And the Trustees of the Italian Episcopal Mission

For the Year ending May 1st, 1894.

MAY 1st, 1894.

MY DEAR BISHOP:

It is with the greatest of satisfaction, on our part, that we once again cheerfully submit the result of our labors. During the past year we have continued our work with much encouragement and success. Figures do not describe spiritual things, nor should we attempt to define, numerically or personally, the invisible operations of grace; only this is plain: God is blessing to the full our labors, for which we rejoice with thanksgiving.

The interest which our people have manifested in all our efforts has encouraged us in our arduous duties. Many families have been brought into our communion, and many more have been made happy in things temporal and in things spiritual. The church attendance has been larger than in any previous year. Here below we thankfully report over the preceding years a substantial growth in nearly every department of the work.

BROTHERHOOD OF ST. ANDREW.

Our Chapter has a membership of only ten members, who kindly follow the instructions of their Pastor, and help him greatly in his

missionary field of labor. They visit the poor and sick, and devote some of their time to objects of benevolence and Christian endeavor.

THE PAROCHIAL SCHOOLS.

We had this year the largest attendance we ever had in both schools, the primary and the kindergarten. We have made a point to make these children to be clean and industrious; also comfortable, nourishing them with good warm soup in the winter season. Daily attendance, 85 to 95.

THE NIGHT SCHOOL.

This school has been in operation for more than seven months, and efficient classes of music have been organized for the children of the Mission. The school has been very successfully conducted by Prof. Peruigini.

SEWING SCHOOL.

The attendance has been much larger this year than last year, there being some Saturdays as many as fifty girls; the average attendance has been thirty-nine.

There is great improvement in the sewing, and the girls have been obedient and industrious. Mamie Negro being the best sewer and most industrious, for which she received a prize of a silver thimble. Mrs. Razzore, a member of the Mission, was employed to aid in the cutting out of the garments and instructing the children. She has been very regular in her attendance and faithful in her duties.

The number of garments made were 60 dresses, 75 aprons and 10 jackets, and many pieces of patchwork for quilts, for which the pieces of calico were given by Miss Mary Coxé.

Mrs. Des Granges and Mrs. Elwyn thank their friends who donated them so generously much material for the sewing school. And also Miss Farr for her kindness in coming down to

assist in the work, and would be much pleased if more ladies would come to their aid in teaching the children, whose ages range from 4 to 14 years.

THE CIRCOLO SAVANAROLA.

This society works among our young men for social, moral and literary purposes. The Circolo educates its members also in elocution and other practical scientific points, gives entertainments several times in the winter season, and makes itself very popular among our people. There is a membership of about 30. Much is looked for and expected of this society for the Church.

THE CIRCOLO GALEAZZO.

This is a beneficial society, and members, in case of sickness, are entitled to \$5.00 subsidy every week. The society is in a healthy condition.

SUNDAY-SCHOOL.

FROM APRIL 1893 TO APRIL 1894.

To Rev. M. Zara.

REV. SIR :

Since last report my class has increased in number. The average attendance for the year being twenty-five. The greatest number present at any session was thirty-five, the least number seventeen.

The class consisted of boys from seven to sixteen, but since the first of the year Mr. Zara has placed some of the older ones in the Bible Class.

I need not enter into detail about the difficulties encountered in trying to teach such an ungraded class, for the difference in age implies difference intellectually and in many ways. I am very much interested in the class, but feel there is not one-quarter being accomplished that should be, and *could be*, if some one would come

and take part of the class. Then *better* and *more* work can be done and the numbers increased.

For the benefit of any who may contemplate coming to help, I would say the children are respectful, bright and attentive.

MISS R. S. WADSWORTH.

To Rev. M. Zara.

REV. SIR :

The number of men attending the Bible Class at the Italian Mission has been greater this year than it was last year. Then there were thirteen members in the class; now there are forty, with an average attendance of twenty-five. The men are attentive, and appear to be earnest, and the work is full of interest and encouragement.

MRS. CHAS. A. MAISON.

To Rev. M. Zara.

318 S. 10th St.

April 23d, 1894.

DEAR MR. ZARA :

In comparison with last winter one may feel encouraged with regard to the class of little girls; then with fifteen on the roll and an attendance of ten to twelve, we now have forty-two names and an attendance of twenty to thirty each Sunday. More interest is manifested and in some instances a sincere desire to learn.

Very sincerely,

ANNE J. MORRIS.

To Rev. M. Zara.

REV. SIR :

The Bible Class has 10 scholars, the average attendance has been 7. The girls are attentive to their lessons, appearing to take pleasure in them. They have been very regular in their attendance and show a marked improvement in reading and remembering their lessons.

MRS. DES GRANGES.

THE POOR AND SICK.

Great has been the distress that has fallen to our people this year; and great, also, has been the help and generosity of our friends in relieving the distressed. Warm and grateful thanks are due to our friends, and especially to the Rev. Mr. Duhring and the City Mission, who have helped bravely in all the needs of our people. Through their kindness we have been able to feed daily from the 4th of December, 1893, to all of March, 1894, from 250 to 325 people.

We also express our most grateful thanks to the ladies for their efforts and labors given to the Mission.

Thanking you, dear Bishop, for your constant interest in our work, I remain,

M. ZARA, *Missionary-in-charge.*

FIFTH ANNUAL REPORT

OF THE

LADIES' ITALIAN LEAGUE.

IN drawing near the end of the fifth year of our work, it may be well to call attention to two facts in connection with the Ladies' Italian League. The object of the organization of the League was to aid the Protestant Episcopal Mission to the Italians in Philadelphia. The financial help was to be derived from the annual subscriptions of the members. It was thought best to make this amount only \$2, in order to secure the interest of a greater number of friends. If our membership falls below 150, it is evident that our income will be inadequate to the demands.

We have paid the salary of one teacher for the year, and have given \$75 towards the support of the kindergarten.

The Executive Committee earnestly desires to secure an income sufficient to support both the departments of the Parish school and also the sewing school. If each friend who reads this report would induce even one more to send us either a subscription or a donation, the work would be greatly advanced.

We thankfully acknowledge the receipt of many articles of clothing, material for the use of the sewing school, and several donations of money.

Lift up the Light of Thy Truth and Salvation especially we beseech Thee, upon the people of Italy who have come hither. Bless the labors of those who preach the Gospel among them, and grant that all who are called by Thy Name may be one in Thee, and may abound more and more in prayers and free-will offerings for the up-building of Thy Church, through Jesus Christ our Lord. *Amen.*

ANNUAL REPORT

OF THE

REV. M. ZARA

AND THE

TRUSTEES OF THE ITALIAN EPISCOPAL MISSION.

For the Year ending May 1st, 1896.

Philadelphia, May, 1896.

TO THE RT. REV. O. W. WHITAKER, D.D.

My Dear Bishop:—It is with grateful heart that we again acknowledge this year the favor of Divine Providence for the success of our labors. The result of this year's work has been very satisfactory and proves our usefulness in ministering to the Italians who surround our Mission, the design of which is to make practical the remedial and elevating principles of our holy religion by bringing them in direct contact with the hearts and minds of those who have few, if any, religious privileges. All this we have done to the best of our ability and endeavor; visiting such poor and sick persons as have no recognized pastors, and giving them, as occasion may require, temporal as well as spiritual help and comfort.

Our Visitor has faithfully discharged her duties and added much to my ministrations in relieving and consoling. We have had on our list fifty-six families that were dependent on the Mission for their support for many weeks in the winter. We have also sent last summer to the country and seashore twenty-six families. Our grateful acknowledgments are due to the Rev. Mr. Duhring and the City Mission for a great part of the benevolent work done at our Mission.

The facilities with which our Mission is equipped are: Church services, Sunday-, day- and night-schools, Bible-class, kindergarten, house visitation, savings fund, kitchen for furnishing suitable food to the sick and poor. We are very much encouraged by the improvement manifested in our people, and we look forward to a great future for the spiritual and temporal welfare of our Church of L'Emmanuello.

We beg the churches and Christian friends to consider the importance and nearness of this field of labor, which appeals strongly to the sympathy and support of all who for Christ's sake desire that His Gospel may be preached to these strangers, their homes made purer, and their children saved from the dangers of a street life.

We also express our most grateful thanks to the ladies for their efforts and labors given to the Mission.

Thanking you, dear Bishop, for your continued sympathy in the past, and with prayerful trust in the future, this report is humbly submitted.

M. ZARA, *Missionary-in-charge.*

REPORT OF MISS DUHRING.

Rev. M. Zara.

DEAR SIR:—I am glad to say that the past winter's work in the Protestant Episcopal Italian Mission has been one of success. Although the winter was not so cold, yet the calls for help were as many.

I have become deeply interested in your people and am anxious to do all in my power to help them be better citizens, but above all, to be better Christians. Many persons feel an absurd prejudice about Italians and think it useless to evangelize them. Not so; these people have come to our country, and as they are going to stay here it is the duty of every Christian to care for the spiritual welfare of these foreigners who have been kept in darkness, superstition and ignorance.

The Diet-Kitchen, which is supported by the Protestant Episcopal City Mission, is a blessing to many.

Over fifty-two families received weekly help in coal, groceries and food, besides meals to over 11,439 persons. Daily, about 150 meals.

PRIMARY SCHOOL.

Rent was paid for two needy poor families. Several others were aided in different ways.

Through the kindness of Mr. C. C. Harrison's gifts of \$25.00 I was permitted to make many a poor family happy at Christmas by sending little extras for the table and clothing for children; also handing the amount of \$12.00 to you to buy shoes for the children, so they could attend Sunday and Day Schools. Many thanks to this kind friend, who never forgets the poor and needy. Thanks, also, to all who sent gifts of clothing, and gave help at any time.

The Mothers' Meeting has been a great success. The full report for this branch of the work will be found in the pages reserved for "The Ladies' Italian League."

Garments made by the mothers, 379; Lenten work, 2 dozen pillow-cases, 3 dozen towels. These were given to the Protestant Episcopal City Mission for hospital use, and *six* to the Italian Diet-Kitchen.

May every year bring more success in every work connected with your Church.

April 15, 1896.

Very truly,

CAROLINE A. DUHRING.

SEVENTH ANNUAL REPORT

OF THE

LADIES' ITALIAN LEAGUE.

The League is an auxiliary to the Italian Mission of the Protestant Episcopal Church. Its aim has been to supply the means to support both departments of the Parish School. During this year we needed one hundred dollars more to accomplish this end. Twenty more members subscribing five dollars, or fifty members subscribing two dollars, would meet this desire for another year.

We wish especially to thank the two Circles of King's Daughters who have taken an interest in our work, and we should like to have others follow their example. Of the Circle belonging to St. Stephen's Church it should be known that "this Circle is composed, mostly, of elderly women who support themselves by their own exertions, or have large families to care for; yet they gladly give what time they can to work for others, so that their work for charity is more than praiseworthy."

Miss Duhring has continued to conduct the Mothers' Meeting. In connection with this branch of work, donations of clothing will be very acceptable. We ask that all packages be sent to the Mission before noon, and that the name of the giver should accompany them.

The Secretaries of the Committees will be glad to correspond with any friends who desire further information about the work.

O God, our Heavenly Father, who hast made of one blood all nations of men, and hast determined the bounds of their habitation, regard with Thy favor the people of divers kindred and tongue who dwell in this land. Lift up the Light of Thy Truth and Salvation especially, we beseech Thee, upon the people of Italy who have come hither. Bless the labors of those who preach the Gospel among them, and grant that all who are called by Thy Name may be one in Thee, and may abound more and more in prayers and free-will offerings for the up-building of Thy Church, through Jesus Christ our Lord. *Amen.*

OTHER PARISH ORGANIZATIONS :—

Circolo Savonarola, Brotherhood of St. Andrew, Sunday-school, Day and Night Schools, Dorcas and Sewing Schools, Mothers' Meeting, Sick Diet Kitchen for the sick and poor of the neighborhood.

THE CIRCOLO SAVONAROLA.

This society works among our young men for social, moral and literary purposes. The Circolo educates its members also in education and other practical scientific points, gives entertainments several times in the winter season, and makes itself very popular among our people. Much is looked for and expected of this society for the Church.

BROTHERHOOD OF ST. ANDREW.

Our Chapter has a membership of only ten members, who kindly follow the instructions of their Pastor, and help him greatly in his missionary field of labor. They visit the poor and sick, and devote some of their time to objects of benevolence and Christian endeavor.

THE PAROCHIAL SCHOOLS.

We had this year a very large attendance in both schools, the primary and the kindergarten. We have made a point to make these children to be clean and industrious; also comfortable, nourishing them with good warm soup in the winter season.

THE NIGHT SCHOOL.

A night class for teaching the English language, and also efficient classes of music were organized for the children of the Mission. They opened in November and continued to the end of February.

THE POOR AND SICK.

There is always great distress and suffering among our people, who crowd into the city when the winter season stops work in the country, and we always do our best to help and relieve these poor strangers.

The Sick Diet Kitchen established for us by the City Mission, has done well its work and distributed 8,409 meals. We have also procured a great quantity of coal and have most generously given of it to all the needy ones.

The sick have been regularly visited and supplied with medical aid and medicine.

We have this year undertaken to visit systematically the prisons where about sixty Italians are confined. I have visited them nine times, giving them spiritual advice and consolation. Much is to be done in this neglected branch of work, and I purpose doing it the coming year.

This last summer we have also sent to the country the mothers and children of twenty-five families; many of them had not been out of the crowded city for years. We have also taken our Sunday-school children three or four times to picnics and other places of resort.

Encouraged by the marked improvement already manifested in these sons of Italy, we look forward to a future of great promise.

We cannot express too warmly our thanks for the generous aid given to the Mission during these years by our friends and also the ladies of the League, who have volunteered their services in the Sunday-schools and various branches of Church work, faithfully helping us in our ministration.

We entreat the Churches and Christian friends to consider the importance and *nearness* of this field of labor. Whatever may be the merits of other fields, this one at our very door appeals strongly for the sympathy and support of all who, for Christ's sake, desire that His Gospel may be preached to these strangers, their homes be made purer, and their children saved from the temptations and dangers of street life.

Thanking you, dear Bishop, most gratefully for your continued interest in our work, I remain

M. ZARA.

REPORT OF MISS DUHRING.

REV. M. ZARA.

Dear Sir:—Life's "little while" passes on so rapidly. It seems as though it could not be that three hundred and sixty-five days have come and gone since I wrote the last report. Yes, it is so. How are we all spending our "little while"? There is joy and peace for us if we do our duty in being true and kind to those around us.

During the past winter we have had many cases to assist, yes, cases of sickness and want where they were too poor to pay their way because out of work, and having no relatives and friends to assist them. To our many friends and helpers let me say, "thank you," most heartily for all your kind and loving interest in this field of labor; more could have been done if others had given a helping hand. Money was scarce, so all could not be assisted who came for help.

May this branch of the Protestant Episcopal City Mission be more favorably looked upon in the future.

A word, look, a smile, are little things, but they go far amongst these poor Italians. Yes, kindness is the music of good will to all, and on this harp the smallest fingers may play heaven's sweetest tunes on earth.

The Mothers' Meeting once a week cultivates a genial nature. The working class enjoys very little of social life. Let us have sympathy for the Italians, and do all we can to elevate them to a better way of living. Let us work with a will to do the thing well; let us sow the seed, even if others pluck the flower and eat the fruit.

The Mothers' Class was opened on November 3, 1897, and closed April 13, 1898. Only members of the Church were admitted by cards given from the Rev. M. Zara; this made the class smaller than in the past years. Every week showed a greater improvement in this branch of work, notwithstanding the inadequate

means for this employment and education. The women were paid ten cents for making a garment, and the same was purchased for a trifle, and in many cases given to some.

The number of visits is less, simply because all calls could not be aided.

During Lent the women made for the hospital use, at 411 Spruce Street, 24 washstand covers, 24 pillow cases, 24 table napkins, 2 side-board covers, 4 table covers, 3 sheets, 2 aprons, 14 iron-holders. The materials were donated, and they gave the sewing without pay.

Garments finished, including Lenten work, 630; stockings knit, 26 pairs; made out of scraps, 1 bed quilt.

Visits, 1897: November, 60; December, 65. 1898: January, 98; February, 90; March, 90; April, 10. Total, 413.
